KING WAITS ON TENANTS

Celebrates His Sixty-second Birthday With Usual Dinner at Sandringham.

LORD MAYOR GIVES BANQUET

Settlement of Alaskan Boundary Commission Referred to in the Speeches Made.

(By Associated Press.) LONDON, Nov. 9.—King Edward, who

was born November 9, 1811, is celebrating his birthday at Sandringham, where there was the usual dinner to the tenants of the estate at which the King and Queen and other members of the royal family handed round the dessert.

The new Lord Mayor, Sir James Ritchie, gave a banquet to 1,200 persons in the historic Guild Hall to-night in honor of ama the King's birthday. Premier Balfour was

the King's birthday. Premier Balfour was the guest of honor. Many notabilities were present, including Ambasandor Choate, and Foreign Minister Lansdowne.

Mr. Balfour, replying to a toast, said, concerning the situation in the Far East, that there was every reason to feel sanguine; that it would have no serious outcome. He based this assurance on the passionate desire of the Czar of Russia to promote the general peace and on the fact that Japan, as the ally of Great Britain, would be certain to dispay moderation, discretion and judgment in its demand, as well as firmness in enforcing them.

question raised issues more difficult and more complicated than even those of the Far East, but he was convinced that the uestion must be ultimately settled by the toncert of Europe.
Referring to Alaska, Premier Balfour

Referring to Alaska, Premier Balfour said:

"We regret the exact tener of the decision, but, however, the balance of advantage went, the gain to the United States or the loss to Canada, is nothing compared with the final removal of this subject of dispute between the two great countries. The decision must be loyally accepted, for the removal of so serious a controversy is an estimable boon."

Ambassador Choate, speaking of the Alaska nboundary decision, said it was "a nappy ending to the only matter of controversy that threatened at any time

controversy that threatened at any time to create mischief and distrust between these two great English-speaking peo-Lord Chief Justice Alversione, referred

briefly to the Alaskan boundary ques-tion, saying he declined to justify or to explain his conduct, because such a course would be a death blow to the confidence reposed in the British bench.

KILLS HIMSELF, BUT PROTESTS HONESTY

(By Associated Press.)

NAPLES, ITALY, Nov. 9.—Minister of Finance Rosano committed suicide by shooting during the night. He was found dead this morning in his room, a revolver at his side.

dead this morning in his room, a revolver at his side.

Since the formation of the new Cabinet the Socialists had attacked Signor Sosano, charging him with corruption during his political career.

Signor Rosano left a letter to his wife, in which he said:

"I am an honest man and die as an honest man, but during the last month such a violent storm of accusations has hovered over me that I cannot resist. The future will render me justice. I pardon my enemies who have injured me so much. You also must forgive them."

The principal accusation against Signor Rosano was that he received \$1,000 from an anarchist, Bergamasco, to use his influence to have Bergamasco released from police surveillance, which the

DUCAL WEDDING.

Miss Goelet to be Married in New York To-day.

(By Associated Press.)

NEW YORK, Nov. 9.—Arrangements were completed to-night for the marriage of the Duke of Roxburghe and Mss May Goelet, daughter of Mrs. Ogden Goelet, which will take place to-morrow at 2:30 P. M. at St. Thomas' Church. The ceremony, the third ducal one to be celebra'ed in New York, will be performed by the Right Rev. William Croswoll Doane, bishop of Albany, assisted by the Rev. Ernest M. Stires, rector of St. Thomas' Church.

Church.

Only the presents from American friends of the bride and groom have been received here, the presents from those in England having been sent to the Duke's castle to await the arrival of the bridal party.

APPEAL MAY BE MADE TO GERMANY

(By Associated Press.)

NEW YORK, November 9.—Arturo de Brigard, consul-general for Colombia in this city, said to-day that he heard that it had been proposed to his government to appeal to Germany for protection in regard to Panama, offering in return certain territorial concessions, Mr. De Brigard said:

"I have no official advices from Colombia, Cablegrams which I had sent last week asking for news have not been an-

At prices to please every one. These goods and the cheapness of same can only be appreciated by seeing them, No description in the newspapers can do them justice. Call early. justice. Call early.

swered. From an official source, however, I learn that the people in the interior are very much excited over the recent developments, and have appealed to our government to send a delegation to Germany to offer the Emporor certain pieces of land on both seas in-return for Germany's protection. Of course, I do not know whether this will be done, but if it is I imagine the land concession to Germany will be that lying next to the Panama border, on both sides of the Isthmus.

EMPEROR WILLIAM

(By Associated Press.)
BERLIN, Nov. 9.—6:30 P. M.—The
Intest news regarding the condition of
Emperor William is that it remains satisfactory. He worked several hours this afternoon on government business and wrote a long telegram to King Edward, congratulating him on his birthday.

Emperor William Sunday underwent an operation for the removal of a polypus or small tumor from his larynx. Professor Moritz Schmidt performed the peration, which was entirely success-

ful.

His Majesty was enjoined not to speak until the wound caused by the operation had healed.

Bulletins announcing the result of the operation caused much astonishment, even among court officers, who had no suspicion that His Majesty was suffering from any affection of the throat.

The Emperor himself appears not to have known of the growth in his larynx until a few days ago, and to have suffered no discomfort from it.

TO PLANT EARLY

THE ONLY REMEDY

(By Associated Press.)
WASHINGTON, Nov. 9.—Secretary Wilson, of the Department of Agriculture,

was an early caller on the President today. He has just returned from Texas,
where he went to make an investigation
of the condition of cotton and to learn the
results of the fight the planters are
making against the boil weevil.
"Many of the planters are taking the
advice of the Agricultural Department,
and are planting early cotton," said the
secretary. "Practically the entire late crop
was destroyed. The weevil has ravaged
much of the best part of the Texas cotton belt. All enforts to exterminate it seem
to have been unavailing. Enforts to eradicate the housefly would be about as effiactious. The only way to meet the evil.

SURGEON IN TWO WARS DIES AT HIS HOME

(By Associated Press.)
BT. AUGUSTINE, FLA., November 8.—
Dr. I. K. Rainey died at his home here
this afternoon. He was born in Illinois,
was a surgeon in the Federal army during the Civil War, and in Lee's corps
during the war with Spain. He was department\commander of the Grand Army
of the Republic, and one of the most
prominent\ physicians in the State.

NEW LINE MAY PLY FROM CITY OF NORFOLK

BONES BROKEN IN VERY CLOSE GAME

(By Associated Press.) STAMFORD, CONN., Nov. 8game of foot-ball between Manor School of this city and a team picked from the Phi Beta Kappa fraternity of Yaie this atternoon Frank Howland, of Asheville, N. C., full-back ... the Yale team, received a compound fracture of the right leg, and Johnson, of the Manor School team, had his shoulder-bone broken. The game resulted in a tie-5 to 5.

NEW READING-ROOM

ON CHURCH HILL

The first regular meeting of the Men's Christian Club of Church Hill was held last night at the Leigh Street Baptist Church, the home of the club. The organization enrolled a large num-ber of new members. The primary ob-ject of the club was discussed, namely, the founding of a reading room for the young men of the Hill. This will be

CATARRHA COMMON COMPLAINT.

ness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the

and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed mentbranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

you nothing. THE SWIFT SPECIFIC CO., ATLANTA, GA.

QUEER CLOCK THAT TELLS MANY THINGS

and to-day he was able to announce to his friends that he had finished it. Ho was greatly handicapped in his work, and the obstacles he surmounted would have discouraged most men.

Some time ago Mr. Shearer was pairting at a faylow when he was causet in a line shafting and injured so badly that he lay in the city hospital tive weeks semi-conscious. While convaleding he planned many details of the clock, and after leaving the institution began work upon it. His right hand was almost urriess, but he was assisted by his wire. The only tools used in the constituction of the clock was a scroll saw, a file, and a common pocket hife.

The clock is named "The Electric Wonder." It is 12 feet 4 inches high, 4 feet 4 inches wide, and 29 inches deep, and weighs 550 pounds. One large dia gives standard time, while directly under it is a dial which shows the changes of the moon, and gives the government weather report twenty-four hours in advance.

By Matching the clock one can see handsome pictures of the ships in the United States Navy pass behind a glass. The ships are arranged according to their speed, and the effect is pleasing.

The history of Christ is shown from the nativity to the ascension—the last supper, betrayal, crudifician, the resurrection and ascension, by pictures, painted by the inventor and illuminated.

One of the most interesting features of

by the inventor and illuminated

rection and ascension, by pictures, painted by the inventor and illuminated.

One of the most interesting features of the clock is a miniature Niagau F. 18, with real water tumbling down, the color of which appears to change, Just below the cataract is an electric fountain and an arch, arranged to produce a beautiful effect.

Flags appear on a staff near the center, and in front of the dial, and indicate the kind of weather expected, twenty-four hours in advance. The interpretation of the flag appears on the calendar dial simultaneously with the appearance of the flag. The weather reports are produced by the thermometer, a barometer, a hydrometer, a spirit level, and a compass. These instruments are arranged on the front of the clock.

The front of the clock is lighted by fity small electric lights, thirty-five of which are arranged around the Niagara Falls and electric arch.

The history of the United States from

are arranged around the Ningara Paris and electric arch.

The history of the United States from the landing of Columbus to the present time is shown by ninety-six paintings, which are attached to a ribbon 108 feet long, and moved by electricity. These paintings are also from Mr. Shearer's brush.

When the clock strikes the hour the clock of Units Sam and the Goddess of

When the clock strikes the hour the figures of Uncle Sam and the Goddess of Liberty pass out of an electric elevator on one side of the miniature Niagara Falls, walk through a gate, lower a stairway around the base of the cataract and the electric fountain to the opposite side. Here they ascend another stairway and enter another elevator. These figures appear to be of flesh and blood, and walk without being attached to any wires.

One minute after the clock strikes th

one minute after the dock attachment is brought into use.

At the half hour the cathedral gong strikes once, and the musical attachment plays an air. At the quarter hour the chimes in the three towers on the top

An illuminated picture on one side shows the Delaware River full of ice, with Washington crossing with his army,

with Washington crossing with his army, Three boats are portrayed, Washington appearing in the front one, holding the Stars and Stripes. The scene is presented at the end of every hour and forty minutes.

The battleship Maine also appears in three pictures. One shows her in Havana harbor before the explosion which wrecked her, one the explosion scene, and the other the wreck after the explosion.

On the back of the clock the Lord's Prayer is given, inlaid with 312 pieces of wood. The portraits of American poets, musicians and all the Presidents also

EARLY EVENING FIRE ON FRANKLIN ST.

Property Owned by Mr. Ben

AKRON, OHIO, Oct. 3.—After working ten hours a day for three and one-half years, most of which time his right aim was uscless because of an acclant Marvin Shearer has perfected what is probably the most interesting electric clock in the world.

Mr. Shearer is a scenic artist. Four years ago he began planning the clock, and to-day he was able to announce to his friends that he had finished it. Ho was granty havidcapped in his work, and the obstacles he surmounted would have discouraged most men.

Some time ago Mr. Shearer was painting at a failow when he was caused in a line shafting and injured so badly the base of the clock contains all the land.

The base of the clock contains all the The base of the clock contains an clie electrical appliances, which are self-winding. There are 640 feet of electric wire used in its construction and thirty-two feet of pipes to provide water for the falls. There are also 412 electrical

The "Electric Wonder" has useful reatures. During the summer it can be arranged to operate an electric fan, and in the winter months it can be fixed to light a gas stove. There is also a burglar alarm attachment, which will show the number of the door or window being entered, besides illuminating the room and sounding alarms, eight in number.

Polk Miller in Texas.

FOIK Willer in Texas.

Forth Worth, Tex., Nov. 2.

Editor of The Times-Dispatch:

Sir.—I have been in Forth Worth three days, and as there are many Virginians here, it is needless to say that I have not felt lonesome. So far from it, I have had to divide up my time between them into such small particles, I feel that I have just had a glimpse of each of them. The Nest boys, of Louisa, brothers to the present member of the House, are them. The Nest boys, of Louisa, brothers to the present member of the House, are prominent here. One of them is a physician, and the other two are attorneys for leading corporations, among them being the extensive plants of the Armour & Co., and Swift & Co. packing houses. These establishments, while separate in name are evidently one and the same, for the facilities for carrying on the great husbrages are arranged for their ioint business are arranged for their joint

benefit.

Six millions of dollars are invested by these firms alone, and then comes a "stock-yard company," with at least a million more, including a hotel for cattle men and a bank, with young Armour and Swift in the directorate, I was taken through every department of the Armour Company, and It was an interesting sight to witness the army of employes. sight to witness the army of employes

mour Company, and it was an interesting sight to witness the army of employes, every man of whom had his special duty to perform, and every second of time profitably employed.

Their movements are like the soldier going through the manual of arms. A going through the manual of arms. A great the cold storage room ready for shipment in the time that it would take one of our farmers to kill and take a beef through the blood letting preess. It is the same with the hogs. Nothing is lost of the animals, for hides, hoofs, horns and bones have their value in the markets of the East and that which is not shipped away is turned into their extensive plant for the manufacture of fertilizers. The strict attention paid to cleanliness in all the departments is one of the attractive features, and the perfect way in which the machinery moves in the different the machinery moves in the different rooms which cover a ten-acre lot, without

rooms which cover a ten-acre lot, without a hitch, is marvelous. Speaking of the way in which everything is saved, and turned into money, the manager told me that "the squeal of the hog" was the only thing they lost.

Eleven railroads come in here, and a street car line connects it with Dallas, thirty miles away. It will be the first town in Texas to have a hundred thousand people, and if it grows in the next ten years as it has in the last five. It ten years as it has in the last five, it will have sixty-five thousand inhabitants. WISH TO BREAK

will have sixty-five thousand manaliants. It has now forty-one thousand.

The friends of the Rev. Mr. Hyde, who was formerly pastor of the Presbyterian Church, on Church Hill, will be pleased to know that his health is entirely restored, and that he is doing good work here.

R. E. Les Camp of Veterans meet every R. E. Lee Camp of Veterans meet every Sunday in the City Hall, and they have the largest camp in the South. This is true of the Sons of Veterans, who meet also at the same time. W. P. Lane, a Virginian, commands the latter, with a membership of about one thousand.

I start to-day for Oklahoma Territory, and for a week will be in the prairie country. I can't say that I am enjoyin' the long, and thresome rides on slow

the long, and thresome rides on slow trains down here with nothing but vast stretches of level land, a house now and then, and cattle reaming the fields. The

HARD ARGUMENTS

Yours truly, POLK MILLER.

A Study in Dialect.

Editor of The Times-Dispatch:

Sir,—In your issue of November 3d Mr. Blacknall inquires: "When and where did we acquire the habit of injecting Y into such words as deer dear, hear, here, care, etc? Most southtriers, withing the south words and some others. I suspect this is a survival of a very old habit long dying out. The reason why I suspect it to be so is because within living memory the Y sound has been dropped from such words as garden, girl, etc. Even middle-aged people at the South remember, when young, to have heard a great many old people say gyarden and gyirl. I know people of culture still living who pronounced the words this way."

Your correspondent seems to suspect negro influence in this English dialect negro influence in this English spect.

The most difficult consonants, L. R. C. G. H. call forth in their ulterance a sympathetic movement of the organs of the spect, resulting in a parasitic U, world in the spect of the parasitic I (Y) before an E (I,A) sound. Other consonants, L. R. C. G. H. call forth in their ulterance a sympathetic movement of the organs of the parasitic I (Y) before an E (I,A) sound. Thus phonetic science accounts for the parasitic I (Y) before an E (I,A) sound. Thus phonetic science accounts for the parasitic I (Y) before an E (I,A) sound. Thus phonetic science accounts for the parasitic I and U sounds heard in the words given as examples by your correspondent, and likewise in such changes—supremely influences the development of languages. It is a physical, labor-saving shift always at words, and when uncontrolled debauching speech into Hottentot gibbrish. The interposed sound of I (Y), for example, softens the Latin calc into the old English chalk; so garden becomes gearden (gyarden), and then yard. English is a store-house of such examples, ag, indeed, is every language, a wonder-book of linguistic metance, gyli g

POLICE BOARD MEETS.

They Talk About the Scott Murder and Petty Robberies.

The Police Board met in special session yesterday afternoon to discuss the work of the police in the Scott case and in the reports that various small robberles had been committed in the Second District without detection of the thieves.

The whole matter was fully discussed, and it seemed to be the sense of the board that the police were doing all they could in the premises.

that the poince were doing all they could in the premises.

Nothing new in the Scott case has developed, and the police are doing everything in their power to detect the person or persons engaged in the petty robberies.

Protest Filed.

Protest Filed.

(By Associated Press.)

WASHINGTON, Nov. 9.—Secretary Hay to-day placed in the hands of the President the Colombian protest against the course pursued by the Washington government on the Isthmus and its attitude toward the new government of Panama. Dr. Herran states that he has not heard from his own government at Bogot for the week past, but he feels sure his knowledge of the sentiments of that government that he is justified in entering a firm protest against the action of the United States in recognizing the revolutionists in Panama and in preventing the Colombian forces from asserting the national authority over the Isthmus.

Secretary Hay's response is an acknowledgment of the receipt of the protest, with a promise that it shall be considered, but it is intimated that nothing is likely to be done just now.

BAYLOR SURVEY

Report of the Joint Oyster Committee Will Cause a Strenuous Fight.

The joint legislative committee on spe cial oyster legislation, appointed last spring by the General Assembly to investigate the condition of the State's shell fish industry, and especially to inquire whether or not there is need of remedial legislation to preserve and nour-ish these valuable interests, met in this city yesterday to formulate its report and have it ready for presentation to day. The committeemen have been cruis-

Lipscomb Damaged—State
Property Burned.

Flames consumed a portion of the home shortly after 6 o'clock, and incidentally a great amount of excitement was occasioned.

The section in which the fire started some flames, however, and they were confined to the building, with a possible loss of not more than \$1,000 all told.

No one can tell what started the fire, it burst out on the second floor and looked orminous.

CURED BY SWAMP-ROOT

Suffered With Inflammation----Catarrh of the Bladder and Weak Kidneys.

Hon. D. A. Montgomery's Interview with the Edi-tor of the Nashville American.

Mr. Montgomery, Ex-Member of State Legislature, was recently interviewed by the Nashville (Tenn.) American, regarding his cure by Swamp-Root and made the following signed statement:

"My indorsement of Dr. Kilmer's Swamp-Root cannot be written strong enough. I had been greatly troubled with my kidneys and with what the doctors termed in-flammation at the neek of the bladder. Was obliged to pass water very frequently day and night, often with smarting and burning. Sometimes my back would get so lame and sore that I was almost helpless. I tried several doctors and medicines to no good effect, when finally I heard that Dr. Klimer would send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received a sample bottle without delay. After trying the sample I concluded it was just the medicine I needed, and I purchased a liberal supply from my merchant and friend, Mr. E. J. Eslizer. To-day I am a well man, and can ride horse-back and drive with any of my friends. I cannot recommend Swamp-Root too highly for what it has done for me. You are at liberly to use this letter or refer anyone to me, and I will gladly tell them about my past troubles and what a wonderful remedy this Swamp-Root is. I am very glad to recommend it to others at every opportunity. Mr. James Ivens, of Saundersville, Tenn., and many others are taking is with good

Worsham, Sumner Co., Tenn., Nov. 11th. D. O. Montgomery

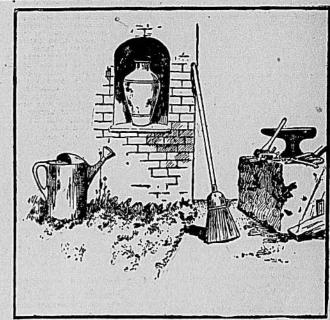

The mild all extraordinary effect of the world-famous kidney and bladder recedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its worderful cures of the most distressing cases. A trial will convince anyone—and y may have a sample bottle sent free, by mail.

Sample Bottle of Swamp Root Free by Mail.

EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mall, immediately, without cost to you, a sample bottle of Swamp-Root and a book telling all about Swamp-Root and containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Richmond Daily Times-Disputch.

nate.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FOUR THINGS ARE SHOWN IN THIS PICTURE, THE FIRST LETTER OF THEIR NAMES SPELLING THE NAME OF AN ISLAND IDENTIFIED WITH THE HISTORY OF THE UNITED STATES FOR THE LAST FIVE YEARS.
